ROBBERY SEQUEL.

BRAVE FOKI WHO GAVE CHASE
 COMPLIMENTED.

SENTENCES DEFERRED.

There was a sequel at the Criminal Sessions this morning to an early morning robbery at Connaught Road, West, on May 5, which was followed by a chase in the course of which one of the robbers was shot in the neck.

Tang Nam, Ng Po-ying and Ng Hau were charged with complicity in the robbery in question and pleaded guilty.

The conduct of one of the foks of the firm which was robbed (engaged in the importing and exporting of drugs and pharmaceutical wares) was the subject of reference.

Mr. At Dyer Ball, acting for the Attorney-General, said that it was entirely due to the action of Sau Lin-sau that the Crown had been able to prosecute in this case. He had left the shop very shortly after the robbery and found five people who, he thought, were robbers. He called in the assistance of the police and himself gave chase to the five men. These were subsequently found to be armed.

There can be no doubt, what- ever, said Mr. Dyer Ball, that it was as a result of his action that the first and second prisoners were arrested.

With regard to the actual robbery itself, it was mentioned in the charge that nearly \$2,000 worth of goods had been taken, also personal effects from inmates in the shape of jewellery.

Unloyal Foki.

Mr. Dyer Ball mentioned that the second prisoner had been employed at the business in question and it was undoubtedly he who let the robbers in. He had pre- vailed on his employers to allow two supposed relatives of his to remain in the house that night and later others were let in. They had then proceeded to ransack the house.

His Honour (Mr. Justice Wood) asked how many robbers had been at work.

Mr. Dyer Ball said that there were at least five. One witness had mentioned ten, but he thought that was an exaggeration.

His Honour asked whether the defendant who had been shot in the course of the chase had suffered permanent injury.

Mr. Dyer Ball said that was a question on which he preferred His Honour to have the evidence of the medical man who had attended him.

His Honour said he would postpone sentence until such evidence was forthcoming and the case was adjourned until 2 p.m. this afternoon.

A Murder Charge.

Reference was made by Mr. Dyer Ball to the case of the prisoner, Li Hau, charged with the murder of a clansman and who made a sensational attempt at escape from the prison compound ramp, as a result of which he sustained serious injuries. It had been found necessary to amputate both legs, he stated, and as the prisoner would certainly not be in a fit state to appear before the August Sessions he asked for the indictment to be respite for two months.

This application His Honour granted.

Iron Bar Clue.

The facts concerning a New Territories robbery occupied the attention of the Court for the greater part of the morning, the services of a jury being requisitioned as both defendants pleaded not guilty.

This was the case in connection with which another man arrested in conjunction with the two men appearing made good his escape from the Tai-po prison.

The two men who were charged this morning were Chuk Pun and Tai Kwai and the robbery in which it is alleged they took part, occurred on May 25 at Nam Hang village at the house of an old man.

An iron bar, broken in two pieces, one piece having been found at the scene of the robbery and another in the house of one of the prisoners figured in the evidence, the two pieces fitting into each other.

This bar, it was suggested, was used to force the inner door, the wall surrounding the house having been scaled by means of a bamboo pole. The piece of the bar found at the house was

PIRATE CAUGHT.

JUNKMAN TRACES ROBBER TO
 MACAO.

ENTERPRISE SUCCEEDS.

On his own initiative, a local junkman followed up some pirates who robbed him near Hongkong waters and one of the gang was arrested in Macao.

On June 12, the junk left Man King Sha (in the Tung-Kun district, Kwangtung province) with 25 piculs of bananas and bamboo. The boat was handled by a crew of 10 men.

The destination was Tai O, at one extremity of Lantau Island, a part of the Colony of Hongkong. When 5 miles off Tai O (then in Chinese waters, as the boundary runs right up to Tai O), a fishing junk came up. Four men, armed with files and revolvers, transferred the cargo (valued at \$250) and a few articles of clothing. Four others remained in the pirate craft, standing by. After staying four hours, the pirates left in the direction of Macao (about 20 miles away).

Instead of reporting to the Tai O police station, the junkman decided to sail also for Macao. There he recognised one of the alleged pirates and had the man arrested. He then came on to Hongkong to make his report.

HONGKONG'S DRAFT TO

MISS CAPELL'S EFFORT.

Miss Violet Capell informs the "China Mail" that—

The gross receipts from the two dancing displays given (by her pupils and herself) at the Theatre Royal on June 5 and 9, amounted to \$1,637.50 and in the meantime she is forwarding a draft to Viscount Knutsford of the London Hospital for \$40.

She has also made donations to some deserving local charities.

HARBOUR OFFENCES.

HARD TO CATCH, BUT
 DEEMED SERIOUS.

Comment was passed by the Marine Magistrate (Lt.-Com. G. F. Hole, R.N.) this morning on an offence in which the culprits were not easy to catch.

Native craft people sometimes dumped earth in the harbour, without permission. They kept a lookout for the Police launches and were, accordingly, difficult to bring to book.

To make an example of one brought up this morning, His Worship took a serious view and imposed a fine of \$20 (or three weeks). The fine was paid.

A junk master was fined \$2 for anchoring his boat in such a way as to obstruct free access to the "Star" ferry wharf, Kowloon.

For anchoring in the southern fairway, another boatman was fined \$5.

rust, it having rained over- night whilst the piece found at the house of one of the prisoners was bright.

Mr. Dyer Ball related the facts of the robbery, how that shortly after 11 p.m. the old man was aroused by a voice calling on him to open the door. This he refused to do and called out in Chinese, "burglars." The next he knew was that the door had been forced and three men, including the two prisoners whom he knew by sight as they lived in the village, made their entry. They tied his hands with string and some of his own clothing was used to gag him and bind his eyes. The place was ransacked by the men but they only got away with three packets of cigarettes, six packets of cigarette papers and \$6 in money.

At daybreak the old man effected his release, roused the neighbours and laid information with the police. The places of residence of the prisoners were searched, \$6 was found in the possession of one and packets of cigarettes and cigarette papers in that of the other.

In statements made to the police the two men admitted having taken the cigarettes and money. One of the men indicated the third man who had escaped as being the instigator.

(The case is proceeding.)

MUTINY SPREADS.

CANTON POLICE TURN ON
 OFFICERS.

AVOID THE STRIKERS?

Others Catch Epidemic of Unrest.

(From Our Own Correspondent.)

Canton, June 19.

To-day the spirit of mutiny spread from the Nationalist Army (two divisions of which refuse to go to the front until they are paid their three months' arrears of pay) to the Canton police force. In a new trial of strength between the strike pickets and the police, the pickets were once again victorious.

The trouble began this evening in front of the Custom House, and on the Bund. About 40 members of the First and Second Corps of the Marine and Land Detachments of the Strikers' Union met there face to face. There has been bad blood between these two corps for some weeks, because each charged that the other profited unduly from the sale of confiscated goods which brought in about \$1,600.

Pickets Fight Each Other.

As soon as the fight started daggers were drawn, and during the course of the fight eight men were so badly wounded that they were later given hospital treatment.

Only two city policemen were nearby, and they ran at once to Police sub-station No. 9 to make a report. The officer in charge, at once ordered 60 patrolmen to the scene, but the rank and file of the men refused to obey the order, and, instead, began a move to attack their officers. The police officers then fired their revolvers into the air, in order to attract aid, but when the shooting began, the mutineers fled, and have not since reported for duty.

Authorities Anxious.

This mutiny of the police, coupled with yesterday's mutiny of the soldiers of General Cheung Fat-fai, is causing grave anxiety to the authorities.

The Central Kuomintang, in a last effort to withhold power from the hands of General Chang Kai-shek, has voted to establish its own Military Affairs Department. A similar department is included in Chang Kai-shek's tentative plans for a military headquarters organisation, and great interest centres upon which one will really function.

Mystery surrounds the sudden elevation to power of General Li Chai-sum, the Kiangsi commander who heads the Fourth Army. He has not only been made General Chang's Chief-of-staff, but has also been named as vice-president of the Whampoa Military and Naval Academy. In some quarters this courting of General Li Chai-sum's rising tide of mutiny and discontent in Chang's own forces.

Lawless "Labour."

Yesterday five Chinese were arrested by strike pickets as they were attempting to approach the Hong-kong steamer in sampans. The owners of the sampans were also taken to the strikers' jail.

The belligerency and lawlessness of many of the unions is causing grave disquiet to many of the merchants and residents of Canton.

The day before yesterday, all members of the Yee Yee Fong Association (the restaurant and tea house owners of the city) ceased operations because the employees demanded all instead of half of the proceeds received from the sale of "remnants." Yesterday representatives of the union tracked down many of the eating house owners, and, at the point of a gun, forced many of them to sign the new union agreement. To-day the owners met, and by unanimous vote decided to close their establishments regardless of the documents which now bear their shops and signa- tures.

TWO SIDES.

ATTITUDE OF CANTON
 STUDENTS.

WHO HAVE BEEN ABROAD.

Latest activities by Cantonese students (who have been abroad), showing two different tendencies, are reported below:—

Hosts To Americans.

(From Our Own Correspondent.)

Canton, June 19.

This afternoon the Euro- American Returned Students' Association held their annual re- union on Dutch Folly, the little island opposite the Canton Bund, which has just been converted into a very attractive park. More than 300 Chinese who have been to foreign universities were the hosts to the American colony of Canton and Shanghai, and 289 of the hosts were graduates of American universities. The affair was nominally in honour of the South-China Association, and almost with- out exception the Americans here were present. The Consul-General, Mr. Douglas Jenkins and Captain Constain of the U.S.S. "Helena" were among the guests, and most of the faculty of the Canton Christian College were present.

After the musical entertain- ment, ten was served on large boats anchored by the island. Re- freshments were served, and the party lasted until a late hour.

Mr. Y. M. Lin, in his opening address, emphasised the fact that this was the second inter- national gathering of its kind ever held in Canton, and said that such a friendly reception would have been impossible had Canton not been enjoying the most stable Government in its history.

Alleged "Oppression."

More than 100 former univer- sity students are in Canton, men who have left various colleges and universities because of alleged radical attitudes. They are now forming an "Oppressed Students' Union," and will elect officers on June 24.

The All-China Students' Union will start its annual meeting here on July 15. A proposal is being drafted for the unification of all student organisations in China, and this will come before the con- vention for approval.

MAGISTRACY ITEMS.

AMATEUR THIEF'S FEAR OF
 THE POLICE.

A Chinese cook who was charged at the Central Magistracy this morning with theft of \$1,500 from his master told an extraordinary story by maintaining that after he extracted the money (three \$500 notes) from a safe he was over- come by fear of the police and burned them.

Sub-Inspector Watt said that defendant took the key of the safe from under his master's pillow while he was asleep and robbed the money. The police had tried in every possible way to get defendant to say where he hid the money, but he insisted that he placed the notes in a chatty and set fire to them.

Defendant was sentenced to six months' hard labour.

Evading the Stamp Law.

Leung Siu-san-alias Leung Chuk-san was charged with affixing three used revenue stamps to rent receipts.

The Magistrate (Mr. R. E. Lindell) pointed out to Mr. E. S. C. Brooks who appeared for the de- fendant that in a previous case de- fendant was fined in respect of eight receipts and explained the circumstances under which the three forming the present charge were found. Mr. Brooks said that under the circumstances he would plead guilty and ask for a small fine. Defendant was fined \$150. The penalty on the previous occa- sion was \$400.

Piracy Arrests.

A case of robbery with violence on a fishing boat of Lantau Island on May 20 was recalled when two fishermen and a fish buyer were charged with being concerned in it along with another not in custody. Money and property amounting to \$1,100 were stolen from the boat.

Det-Inspector T. Murphy, asked for one week's remand, stating that he was endeavouring to get the fourth man. Defendants were re- manded until June 28.

MISSION TO LEPERS.

LOCAL CHINESE TO THE
 FORE.

H.K. AUXILIARY FORMED.

As a result of the meeting at the Y.W.C.A. on Wednesday evening last, when the Rev. T. C. Wu, General Secretary of the Chinese Mission to Lepers, Shang- hai, addressed a gathering of ladies and gentlemen, a further meeting of the temporary com- mittee then formed, was held yesterday, Sunday, at the residence of Mr. Li Chai-chi, "Dun- heved," Robinson Road, to discuss further arrangements for the organisation of a local auxiliary.

The re-elected committee is composed of the following ladies and gentlemen:—Messrs. Li Chai- chi (Chairman), Lo Po-yin (Vice- Chairman), Mrs. Wong Kwok- shuen, Andrew Ling (Secretary), Mrs. Ma Wing-chen (Treasurer), Wong Hin-chiu (Publicity Agent), Miss Shin, Mrs. Wong See-koo, Miss Wong Shuet-hing, Dr. Arthur Woo, Andrew Cheung, Cheung Wing-kue, James Y. Lee and Mr. John Geldart as Honorary Adviser.

As stated by Mr. Wu at Wed- nesday evening's meeting, the objective of his address then was fourfold. (1) Christian. (2) Philanthropic, (3) Preventative, (4) Medical. A cure for leprosy in its early stages was discovered some years ago in Chaulmoogra oil, and several cases of the disease are known to have been entirely cured through its agency. The Mission in Shanghai which was founded a few months ago is in great need of funds to carry on this important work of preventing the spread and effecting the cure whenever possible of this terrible disease. For instance, there are two leper settlements not so very far from Hongkong, at Sheklung and Tungkun, which are under the direct charge of Catholic and German missionaries respectively, who receive a small monthly allowance from the Canton authorities to look after the im- mediate needs of the sufferers at these two places, but the funds are quite insufficient to provide for the medical treatment of the lepers.

The object in view of the local auxiliary will be to collect funds which are to be remitted to the head organisation in Shanghai which will undertake to supply free of charge the treatment throughout the various leper settlements throughout China, and thus commence the first step of restricting the further spread and effect an ultimate wiping out of the scourge in China, where the sufferers are estimated to be one million in number; which pre- valence is attributed to the lack of the necessary precautions of segregation and care of these pariahs of mankind. Through the medium of this new organisa- tion in China, it is expected that the lot of the sufferers will not be as full of hopeless misery, as it has been heretofore, that with the lately developed interest in their welfare by sympathetic people, they may find their exist- ence more tolerable.

Further preliminaries are being carried out before the local auxiliary will be in full working order, and it is to be hoped that the movement will receive univer- sal support.

Mr. Wu addressed many boys' and girls' schools during the past week and at each institution sub- scriptions were generously donat- ed for the deserving work; he spoke in eulogistic terms of the sympathetic attitude of all classes in regard to the cause, especially amongst the students everywhere who expressed the utmost eager- ness to help the new organisation.

Mr. Wu leaves for Amoy to- morrow by the "Sinkiang" for Amoy en route for Shanghai.

The Prince of Wales unveil- ed the statue of the late Lord Kit- chener, which has been erected on the Horseguards' Parade on June 5.

A Chinese workman accident- ally fell from the scaffolding of a new building at Pokfulam Road and was taken to the Government Civil Hospital yesterday suffering from injuries to the head.

FORTY YEARS AGO.

**HONGKONG IN THE EIGHTEEN-

COLONY'S EARLIER DAYS.
Interesting Impressions of An
ex-Governor.

A valuable suggestion, which might have been adopted in the recent discussions of the military lands question, and which should be borne in mind against the day when it again becomes feasible to re-open the subject, is contained in Sir William Des Vœux's account of his Colonial service, from which we have recently been giving extracts.

Referring to a question which concerned the authorities at Home, as well as the Hongkong Government, Sir William remarks:—"Discussions... had gone on for years between the Home departments concerned, which apparently have only now come to an agreement. It seems to me that when the interests of different departments appear to be conflicting, if a committee, composed of representatives of each, with a chairman belonging to neither, were appointed to discuss the matter orally, reams of correspondence might be saved, and matters would often be quickly settled which, under the present absurd system, too often involve years of unnecessary delay."

The Military Lands question was and is eminently a case for the application of this method and no doubt many others will arise from time to time.

"The Father of 'The Valley.'"

It seems that we have to thank Sir William Des Vœux for Happy Valley Recreation Ground, and it is a pity that no permanent memorial of the fact exists. He writes on this subject:

"Another work, commenced entirely on my own responsibility, and which I had the satisfaction of seeing finished, was the drainage of the alluvial plain in the Happy Valley. The races were held on a course which had been made round the outskirts of this plain, and though this in average weather was fairly dry, the land inside, in area about a hundred acres, was an unhealthy swamp which could not be otherwise than deleterious to the health of the eastern end of the town. That the place was really malarious, as suggested by its appearance, was made evident by the exceptional prevalence of fever among those who used it for riding and other recreation, and my attention was specially attracted to the subject when more than one member of my own staff being affected in this way, medical opinion held this swamp to be the cause."

"When I found how comparatively small would be the cost of drainage, it seemed a matter of wonder that such an improvement had not been effected before; and finding that public opinion was strongly favourable to it, I caused the work to be at once commenced, in accordance with a plan devised by Mr. Price. With the exception of a pond of some ten acres in area, the earth taken from which was used for raising the level of the rest, the whole plain was, in the course of a few months, converted into a dry field, which has served ever since as the principal recreation for football and cricket by the soldiers, sailors, and schoolboys, and for golf, hockey, football, and polo (not now—Ed. 'C.M.') by the other European inhabitants. So that besides fulfilling its principal object, this work supplied a much-needed want; and though it involved to 'me' little beyond a slight responsibility, I am inclined to think, from what I hear, that it will cause my name to be longer remembered in Hongkong than other work which cost me infinitely greater labour and trouble."

It is really, too bad to reflect that, on the contrary, probably scarcely any of the present generation—including thousands of Chinese who are now to be added to Sir William's list of football enthusiasts—are aware that they are indebted to Sir William Des Vœux for the island's chief recreation ground. Perhaps the best amends would be for the Football ground to be named after the late Governor?

Life's Contrasts.
Before leaving Happy Valley it will be of interest to quote a portion of an account of a race meeting which Sir William places on record. He writes:

"On an 'off day,' when the racing was comparatively uninteresting, I did not go to the course, but in the afternoon went up to the road which is made along the Tytarm Aqueduct, and looked down upon the sport from a height of some five hundred feet. The racecourse was beneath us at the foot of the hill, and on its lower slopes, and considerably nearer, was the cemetery, with graves and glimpses of winding paths appearing here and there among

the trees." Then occurred a spectacle which could hardly be witnessed anywhere else in the world. A military funeral was going on at the same time as the races, the people taking part in each, though near, being invisible to one another, and yet both visible to us. The sounds, moreover, from both places were quite clear, so that the Dead March and the saddling bell were heard at the same time, while as the long line of 'redcoats,' preceding and following, the coffin, wound slowly up the slope to the grave, the sound of many galloping hoofs would have told us, even without the sight of it, that a race was going on, and the three volleys were fired over the grave as the bell rang for the next race!"

Here is a comment which will interest members and supporters of the A.D.C.—

"Among the social amusements of Hongkong in my time was that, afforded by amateur theatricals, which usually took the form of comic opera. Both acting and singing were very good, and on more than one occasion elicited enthusiastic admiration from my English and foreign guests, whose experience of similar representations elsewhere gave weight to their favourable opinions. I specially remember the production of Gilbert and Sullivan's opera 'Iolanthe,' which, both as regards performance and mise-en-scene, was worthy of the Savoy. A young lady of Portuguese descent had a marvellous contralto voice, which revived faded memories of Alboni. The chief comedian was a capable imitator of Grossmith, and 'Oh, Captain Shaw,' exceedingly well sung, rendered the air almost as popular in the Far East as it was at one time in London."

[To be continued.]

THE WISDOM OF NATIONS.

The wisdom of nations is that good common sense which is general among all civilised peoples, based on knowledge gained by experience, peculiar to any particular race or country but to the whole of mankind.

For example, in all corners of the world now-a-days it is generally acknowledged that Dr. Williams' Pink Pills are the one great remedy of paramount value for restoring vitality from weak watery blood and disordered nerves, such as anaemia, neurasthenia, digestive weakness, rheumatic troubles and nervous debility. When everywhere-like we are aware of their great efficacy, as a specific for the ailments peculiar to the sexes. Read the following attestations:—

ENGLAND: Mr. J. H. Smith, manufacturer's agent, 14 Burlington Road, Blackpool, states:—"When suffering from acute nervous breakdown caused by overwork I tried Dr. Williams' Pink Pills and they made an entirely new man of me. The pills seemed as if by magic to create new life and energy."

AMERICA: Mrs. M. E. Norwood, 3075 Madeline Street, Oakland, Cal., says:—"I was as pale as a ghost for a long time, was losing strength, felt always tired, and could not eat a meal with any enjoyment. On the recommendation of a doctor in New York I tried Dr. Williams' pink pills and they had a wonderful effect, restoring my colour, appetite and strength."

FRANCE: Mons. Y. de Bordenave, of 15 bis, Rue Cauchois, Paris, aged 80, remarks:—"Stomach and intestinal troubles were assailing me and I had perpetual headaches and rheumatism until I took Dr. Williams' pink pills. I owe infinite gratitude to these pills for by their aid I passed safely through this exceedingly critical period."

ITALY: The Rev. Father P. Caneto, parish priest of Calice Ligure, Genova, writes:—"I am of advanced age and Dr. Williams' pink pills have greatly benefited my health. They have enabled me to regain my former energy, appetite and activity—and have thus facilitated the work of my ministry."

All chemists sell Dr. Williams' pink pills for pale people also from the Dr. Williams' Medicine Co., 40 Kings Road, Shanghai, \$1.50 per bottle, \$8 for six bottles, post free.

LAD TO REST.

**FUNERAL OF REV. MOTHER
SUPERIOR.**

FRENCH CONVENT'S LOSS.

The Reverend Mother Superior Felice, of the French Convent, Causeway Bay, was interred at the Roman Catholic Cemetery on Saturday afternoon, in that section of the ground reserved for the French Sisters.

The Reverend Mother's death occurred in very tragic circumstances. She was in her best health on Friday morning, and was attending to the rehearsing of the children preparatory to the reception which the Convent was giving in honour of Monsignor H. Valtorta, the new Vicar-Apostolic of Hongkong. It was the habit of the Reverend Mother to take a short siesta after tiffin and recite her special prayers at the Chapel adjoining the Convent building. Whilst at her prayers, dizziness overcame her, and she had to be helped out of the Chapel by four other nuns. She then lost consciousness and, never recovering, passed peacefully away at eight o'clock. Bishop Valtorta administered the last Sacraments before she expired.

News of her death came as a great shock to her many friends and admirers among the Catholic community and elsewhere.

It was in 1891 that the Rev. Mother Felice came to Hongkong as Mother Superior and she had ably and graciously filled that position since, having had the pleasure of watching the growth of the Institution and of its valuable work. Since her time, the Convent removed from the premises in Wanchai to the present commodious building.

The Funeral.

The funeral was very largely attended. The cortege passed by the Monument headed by the Aspirants and the Children of Mary accompanied by the nuns, each child carrying with her either a little cross or a small wreath. Next came the Chinese orphans and the French Sisters, then the remains of the reverend mother.

BISHOP OF LONDON.

**COMING VISIT TO THE FAR
EAST.**

The Bishop of London (Dr. Winnington Ingram) commemorating the 25th year of his episcopate at a service of thanksgiving in St. Paul's Cathedral on April 30, asked the large audience what response they were going to make to the world call to the Church.

He had read through all the missionary reports and mentioned the call from India, Africa, the Far East, and the Moslem world. The mass effect was overwhelming. He stated that with 40 vacant curacies in London, to be asked to find 900 new workers at once and a quarter of a million more a year to keep the work from going back was at first simply paralysing, and he wanted the diocese to face it with him. Let them aim at definitely sending from 25 to 50 men and women from his diocese as their quota to the great army which was to convert the world. To set himself right with young men of today he had sometimes alluded to his offer at the age of 80 to go to Australia, never dreaming that his offer would be turned down by his bishop, who sent him to the East End.

Now, at 68, all question of taking up permanently some other work overseas was out of the question, but he was undertaking the journey round the world as the only thing he could do to further the good cause. He would take a message of cheer and goodwill from the diocese of London to all those working overseas, and he knew that those at home would bear him up on his long journey in their prayers.

A. A. Cordeiro, Miss T. Oliveira, Mr. and Mrs. C. Pereira, Miss G. Collaco, Miss Gardner, Miss E. Tang, Miss L. Collaco, Maryknoll Sisters, Convent and its branches (St. Francis, and Kowloon Convents), the Little Sisters of the Poor and the Priests of the French, Spanish, and Italian Missions and the girls of the Italian Convent.

AT THE QUEEN'S.

**BILL HART'S NOTABLE
PICTURE.**

Showing to-day and to-morrow at the Queen's Theatre is Bill Hart's notable picture "Tumblepedd," which marks this star's re-entry to the cinema world, this time under the banner of the United Artists, and it is an outstanding success for the hard faced Western player.

When the U.S. Government, in 1889, decided to open the Cherokee Land Strip to homesteaders, it meant the end of the cattleman's regime. They had leased grazing lands and ranch sites on the strip from the Cherokees, but now they had to go with their vast herds and there was bitterness between the owners and hands.

This is the basis of the story and in it the true tale of the famous strip between Kansas and Oklahoma is told for the first time on the screen.

Prior to the great rush for homesteads, when thousands of persons were camped on the borders of the strip waiting the signal to go, Don Carver, a range boss, having homesteaders, capitulates to a pretty girl among the invading army and decides to take a claim himself.

He is confronted, however, with the rascality of her half brother and of a rival for her affections, who obtain his arrest as a "sooner." (One who tried to grab a claim before the opening.) But he escapes, gets the site which controls the water, and which his enemies were after, and wins the girl as well. This is the gist of the plot which abounds in many novel and thrilling situations, with the magnificent climax of the great dash itself, when thousands of vehicles of every conceivable sort carried homesteaders into the strip.

In the principal role of Don Carver, Bill Hart is the typical character with which he has become identified—a photographic portrayal of the formidable but chivalrous westerner, and Barbara Bedford plays opposite.

The story is by Hal G. Evarts, which was adapted for the screen by C. Gardner Sullivan, and is a particularly powerful drama of the last dash of the American homesteaders.

King Baggot, who directed the production, is of the opinion that he has never done anything comparable to this in point of magnitude, dramatic power and human interest.

AT THE STAR.

**FAMOUS DOG IN "FIND YOUR
MAN."**

Showing to-day at the Star Theatre, Kowloon, is "Find Your Man," with the famous dog star, Rin-Tin-Tin, in the leading role.

Rin-Tin-Tin, who can do every trick a dog can do, and many tricks most dogs can't do, is too well-known to need any wealth of praise.

The story of "Find Your Man" is laid in a lumber centre. It is full of suspense, thrills, and love. Paul Andrews, ex-soldier, and Buddy, his canine pal, find themselves involved in a plot to steal Government lumber. Paul makes the discovery too late, and he is arrested on a charge of theft and murder, of which he is innocent. The dog's remarkable work figures in Paul's escape and his miraculous rescue from death.

The cast, besides Rin-Tin-Tin, includes June Marlowe, Eric St. Clair, Charles Marlowe, Pat Hartigan, Fred Stanton, Lew Harvey and Charles Conklin.

Saturday's mail arrivals were 420 bags by the s.s. "Katori Maru" from Japan and Shanghai including 20 bags from London via Siberia and 20 bags continental mail. The s.s. "Alipore" brought a total of 197 bags, 89 being from the United Kingdom.

CHINA MAIL.**GERMAN PLEBISCITE.**

EX-RULERS' PROPERTY NOW SAFE.

CONFISCATION DEFEATED?

Berlin, June 20.

The final figures in the voting on the confiscation of ex-Rulers' property will not be known before midnight.

Everything indicates that the Bill will not obtain the necessary 19,500,000 votes.

A Poor Poll.

Berlin, June 20.

In the plebiscite 35 per cent of the electorate voted "Yes." Sixty per cent abstained from voting. The remaining five per cent either voted "No" or their papers were invalid.

Nearly half of the electorate in Berlin voted for confiscation, and there was a similar proportion in other large cities, including President von Hindenburg's town of Hanover; but in the country districts, where the Nationalists hold the sway, the populace obeyed the Nationalists' summons to abstain from voting.

It is noteworthy that not a single member of the Cabinet entered the polling booth.

Notwithstanding the excitement engendered no serious disorders occurred beyond minor clashes in Berlin and elsewhere between small factions.

DUGGAN SAFE.

ARGENTINIAN AIRMAN AT VIGIA.

Punta, June 20.

The Argentinian airman, Duggan, who has been missing since June 13, has arrived safely at Vigia (a town in Brazil on the bank of the River Tocantim) with his companion.

PREVIOUS NEWS.

Previous Reuters cables reported:—

Ft. de France, Martinique, June 5. Bernardo Duggan, the Argentinian aviator, arrived here to-day en route from New York to Buenos Aires in a seaplane. He hopped from San Juan, Porto Rico, to Basse Terre, Guadeloupe, this morning and from there to Ft. de France this afternoon.

Paramaribo (Dutch-Guiana), June 13.

Duggan, the Argentinian airman, has departed en route to Buenos Aires.

Buenos Aires, June 16.

The Argentine Government has asked the neighbouring States to search for Duggan, the Argentinian airman. He was last seen flying over Cayenne at 9.30 o'clock on Sunday morning, 13th instant.

Nothing has been heard of him since.

TURKISH PLOT.

DISCOVERED JUST IN TIME.

Constantinople, June 18.

Apparently the plotters were awaiting Mustapha Kemal Pasha's arrival at Smyrna to carry out their designs but the plot was discovered just before the President's arrival. Police have seized weapons and bombs. The arrests include those of several prominent persons.—Reuters Service.

[An earlier cable reported the discovery of a plot against the life of Mustapha Kemal Pasha.]

C.P.S.

ACCIDENT TO EMPRESS OF AUSTRALIA.

SLIGHT TURBINE TROUBLE.

Shortly after the "Empress of Australia" sailed from Hongkong at daylight on the 11th instant, trouble developed in one of the turbines, which necessitated her slowing down and proceeding to Shanghai on one engine.

On arrival at Woosung there were symptoms that there was further trouble in the interior of the turbine, and it was decided to send the "Empress of Australia" to Nagasaki, where she arrived on the 19th instant. After examination by the Mitsubishi Dock Company, the injury to the turbine was confirmed and it is estimated that repairs will take about two weeks.

Passengers will be transferred to the "Empress of Asia" or other opportunity, but those wishing to remain with the "Empress of Australia" will have the option of doing so.

NAVAL NEWS.

REVIVAL OF EASTERN FLEET?

Everything points to the ultimate revival of the Eastern Fleet, which in pre-war days was composed of the China Fleet, East Indies Squadron and the Australia Squadron, but which latter will now be represented by the Royal Australian Navy and the New Zealand Navy. It may be recalled that the three first-mentioned naval units met at regular intervals and exercised in a central area, the meeting place being usually off Singapore, the importance of which is now so greatly enhanced.

The great strengthening of the East Indies Squadron, the re-organisation of the moribund Royal Indian Marine into the Royal Indian Navy, the rumours of a base in the Andamans for the latter force and the progress which is being made at Singapore are signs of Admiralty thought and action which cannot be mistaken.

Some day the most ferocious of the opponents of the Singapore base scheme will confess their fault. It is essential to the safety of British interests east of Bombay.

Submarine Commanders.
Submarines H23 and H30, of the Fifth and Third (Training) Flotillas at home, have changed their commanders. The former passed, on April 29, under the command of Lieut. G. C. Harris, late of the China Submarine Flotilla, and Lieut. W. E. Higham, whom he succeeded, returns to a spell of big ship duty on board the "Malaya". Lieut. L. H. Phillips, formerly second-in-command of H32 in the Mediterranean, has taken command of H30 at Devonport, succeeding Lieut. Commander J. S. Bethell, who is coming out to China for the command of a submarine here.

Capt. Evans.
Captain E. R. G. Evans, Evans of the "Brook" and the Scott expedition to the Antarctic, Evans of H.M.S. "Carlisle" on the China Station and decorated hero of a wonderful life-saving feat out here, has got his ship. He is to have H.M.S. "Repulse", the battle cruiser which took the "Prince of Wales" to South Africa and the Argentine. The "Repulse" joined the Atlantic Fleet on June 4.

K.C.C. CONCERT.

Weather conditions being favourable there appears to be nothing that will prevent the open air concert next Saturday (26th inst.) at the Kowloon Cricket Club, being an unqualified success. Nothing is being left to chance as regards the comfort of those attending. This will be one of the occasions when one can feel that we are not so many miles from the Homeland, and with a little imagination "can transport oneself to some favourite seaside resort listening to a concert on the pier. The catering for public taste has been left in very capable hands, and all sorts of viands will be procurable during the interval, so everybody who attends should feel happy. The Imperial Concert Party will provide the musical portion of the evening's amusement and it is anticipated that they will prove a huge success. Many new items will be introduced, but the programme generally will be on the humorous side.

A report on Saturday stated that the police fired on a passenger boat in the harbour for disregarding an order to stop. A Chinese pig dealer on board was hit by a bullet and died.

"MAN OVERBOARD."

EXCITEMENT ON STAR FERRY.

Considerable excitement was occasioned on the Star Ferry, Golden Star, which left Hongkong on Saturday night at 8.55 for Kowloon. As the ferry was in mid-harbour an elderly Chinese passenger was seen to jump overboard into the water.

The alarm was at once raised, and two of the staff crew of the ferry, together with Police Launch No. 5, immediately went to the rescue. In this work they were assisted by Mr. Merriman, a warder in Victoria Prison, who jumped into the water after the Chinese without the slightest hesitation.

The man was eventually rescued in an exhausted condition and taken to Kwong Wah Hospital, where it was reported that he was progressing as favourably as could be expected after his plunge into the harbour.

According to a letter subsequently recovered by the Police it is alleged that it was a case of attempted suicide.

AN HISTORICAL SOCIETY.There may be a comparative
handful of people in the Colony
to-day who will participate in the
celebrations of the centenary of
Hongkong fifteen years hence.
Three years hence Western Aus-
tralia will complete the first cen-
tury of her existence as a unit
of the British Empire. In this
connection, according to the West
Australian, the most powerful
newspaper in that State, the Pre-
mier has initiated a project to col-
lect all available old prints and
photographs of historical interest,
to be published as a pictorial re-
cord of a century's endeavour.
This step moves our contemporary
to remark: "There is not in our
midst a public body whose pri-
mary interest lies in the recording
of the intensely interesting local
history of the State. We lack an
Historical Society."Although Hongkong's centen-
ary is much further off, the same
plea could be made even now for
the establishment of an Historical
Society. How often has it been
deplored that with the passing of
the old "China hands" there are
also irretrievably passing frag-
ments, pages, chapters of our
local history and special develop-
ment? Outside of scanty and
sporadic newspaper contributions
the bulk of this information goes
with the actors in our daily
drama. Whose work is it to col-
lect and preserve these records
while there is the opportunity?
—no one's as yet, but with an
Historical Society in active exist-
ence a treasure house would
exist, full of informative memoirs
of those who in their varied ways
have built up the Colony to what
it is to-day. Father Time works
unceasingly and too easily does
his erasing hand move the events
of the past into oblivion. The
present year has witnessed the re-
tirement for good of a large num-
ber of old residents, whilst others
have passed away—few of them
leaving behind (if Sir Paul Chaterbe excepted) much of a tangible
nature, on which to lay the founda-
tion of an Historical Society.An Historical Society, with en-
thusiastic working members
throughout the Colony, would
effectively circumvent Time, the
obliterator, by causing to be writ-
ten up the episodes and encourag-
ing the collection of the stories
of those who recollect something
of what has been—those "good
old days" in Hongkong of which
we still hear something. With
research articles, reminiscences,
Government records, old prints,
and photographs, how much of
the past could be preserved!The idea is not new. The lan-
guage of this plea is not original.
But that cannot discount the im-
mense value of an Historical
Society to the Colony. Let it not
be said of Hongkong, as it is now
being said of Western Australia,
that three years before our cen-
tenary there is to be deplored the
lack of an Historical Society. Such
a body cannot fail to be of the
greatest interest during the stay
here of every present British re-
sident, whilst it would be perform-
ing an incalculably useful
service to the Colony in
the years after the great
majority of us have depart-
ed for good to other climes. We
may not have a centenary nearly
due to act as an incentive to form
an Historical Society, but we do
have the lesson of Western Aus-
tralia before us, and we surely can
profit therefrom!**CORRESPONDENCE.****WHITE ANTS.**

ment between landlord and tenant

14,000 MILES.**BRITISH AIRMEN BACK HOME
TO-DAY.****FLIGHT ENDED.**

Rugby, June 20.

A proposal that the four Royal
Air Force machines which are ex-
pected to reach England to-morrow,
on the completion of the 14,000
miles flight to South Africa, should
alight on the Thames at West-
minster, has not been favoured by
the Air Ministry for technical
reasons. The airmen will alight
at Lee. Solent as arranged.
Their machines will have the
floats removed prior to their par-
ticipation on July 3, in the annual
Air Force pageant at Hendon. On
that occasion about 180 air craft
drawn from the Home Defence
Army co-operation and training
units will take part, including 16
new machines of a fresh type.
Squadron air drill, to be carried
out by wireless telephony, orders
being given by the Squadron
Leader from his machine in the air
or from the wireless ground
station, will be one of the features
of the display.—British Wireless
Service.Penang, June 11.—The death
occurred at the General Hospital
last night of Mr. William E.
Felgate, late of Taiping. The
deceased was a planter was well-
known in Kedah, F.M.S. and
Johore. The funeral took place
this afternoon.**FRENCH CRISIS.****BRIND AT THE HELM
AGAIN.****M. HERRIOT'S FAILURE.**Paris, June 19.
An American visitor, after hear-
ing M. Poincare speak about inter-
Allied debts at a country cere-
mony, sent him \$10,000 towards the
"Save the Franc Fund," and
stipulated that his name should
not be disclosed.M. Herriot will inform the Pre-
sident that he is unable to form a
Cabinet owing to the difficulties en-
countered.—Reuter's Service.Paris, June 20.
M. Herriot has abandoned his
task of forming a Cabinet, and M.
Brind has been re-summed.M. Herriot's failure to form a
Cabinet was due to the inability of
members of the intended Cabinet
to agree with regard to the
financial policy.After informing M. Doumergue,
the President, this morning of his
inability to form a Cabinet, M.
Herriot declared he had formed a
plan for financial rehabilitation,
permitting "simplification" of the
system of taxation and reduction
of excessive taxes, but setting
aside for the sinking fund excep-
tional resources such as inherited
or acquired wealth. He conferred
all night long with different mem-
bers of the prospective Cabinet, but
following several refusals of port-
folios, he finally gave up the task.
M. Brind had agreed to form a
Cabinet.—Reuter's Service.Paris, June 20.
After consulting with M. Brind,
M. Poincare spoke optimistically
of M. Brind's chances of success,
but thought that the Cabinet would
not be completed till to-morrow.
—Reuter's Service.**BRIND'S PLAN.**Paris, June 20.
That the idea of forming a
Cabinet of the National Union was
abandoned as impossible was men-
tioned by M. Brind in an inter-
view, though he intimated his de-
sire of giving the new Cabinet the
broadest possible basis. He in-
tends in the first place to invite the
support of the bloc National by
offering M. Poincare a portfolio.**TACNA-ARICA.****AWAITING ARBITRATION
EFFECTS.**

Washington, June 19.

President Coolidge believes that
the American Government can do
nothing towards adjusting the
Tacna-Arica dispute until the
effect on recent developments of
arbitration and mediation negotia-
tions can be determined.—Reuter's
American Service.**BORAH INTO FRAY.**Washington, June 19.
Senator Borah has entered the
Tacna-Arica dispute, announcing
after a long conversation with
Senhor Allessandri, the ex-President
of Chile, he "told the ex-President
the only thing that interested me
was to know how the United States
could get out of the Tacna-Arica
problem with honour."—Reuter's
American Service.[American representatives re-
ported that it was impossible to
submit the Tacna-Arica dispute to
arbitration owing to the failure of
Chile to provide guarantees for
Peruvian voters. Chile's counter
proposals and Mr. Kellogg's sug-
gestion to divide Tacna-Arica so as
to afford Bolivia an outlet to the
sea were rejected by Peru. Chile,
after failure of further proposals
whereby a smaller portion of the
disputed territory should be handed
over to Peru, announced her in-
tention of resuming military occupa-
tion. Strong guards were posted
outside the houses of American
Commissioners.]**DR. COLE.****DEPORTATION ORDER
REVOKED.**

Mexico City, June 19.

President Calles has revoked the
deportation of Dr. Cole, it having
been proved that he was ignorant
of violating the law relating to In-
surance Companies.—Reuter's
American Service.[A previous cable stated:—The
Mexican authorities have ordered
the deportation of a Canadian doc-
tor, named William Cole, who has
been practising at Torreón for 16
years. Cole appeared in the local
Court and secured a stay of execu-
tion for 72 hours. The British

graphed to the British Minister

CARDINALS.****PRESIDENT'S MESSAGE.**Chicago, June 19.
A welcoming assemblage of
14,000 packed the Coliseum, the
City's largest auditorium, when
Cardinal Bonzano and other dis-
tinguished ecclesiastics to the
Eucharistic Congress came on to
the platform.The outstanding feature was a
message from President Coolidge,
delivered by the Secretary of
Labour, Mr. Davis, who had
specially come from Washington.
The President declared the
United States had long been under
the imputation of putting too
much emphasis upon material
things. "Perhaps we have been
subject to that kind of criticism"
not so much because we really are
more interested in material pros-
perity than others, but because in
that direction we have been more
successful than others.The President argued that
material prosperity could not be
secured unless it rested upon
spiritual realities, all business be-
ing founded on mutual good faith,
as indeed all modern Govern-
ments were.Mr. Davis pleaded on his own
account for religious tolerance,
and was tumultuously applauded
when he said: "If there is any
anti-Catholic prejudice in Amer-
ica it comes from persons who
make a speciality of prejudice."

Amid unsurpassed scenes of
stately splendour the International

Sweeping recommendations in
favour of the dismissal or suspen-
sion of certain officials in Montreal

retirement of a number of high
officials in Montreal, and the stiffen-
ing of the preventive service and
prohibition of clearances on liquor
vessels from Canadian ports for the
United States and "Rum Row" are
contained in the report of the
House of Commons Committee.The Committee also recommend
prosecutions for the recovery of
moneys from a long list of com-
panies found to have evaded the
Customs and excise laws. Re-
ference is made to the "slowly de-
generating efficiency" of the cus-
toms Department in recent years,
and the ex-Minister of the Bureau
is criticised.The Committee find there is
some presumption that a propo-
sition of liquor, allegedly con-
signed from Canada for foreign
ports and cleared without payment
of excise on sales and tax, re-
turns to Canada for consumption.The tightening up of regulations
by the imposition of taxes on all
liquor released from bond or en-
tering in bond is recommended and
also a reduction of the ports of en-
try, which are 681, as compared
with 270 in the United States and

suspends it for a period which has
not yet been defined, but which will
be announced to-morrow. It will
probably be from three to five
years.The Government also intends to

STATESMEN.**

London, June 19.

Strong references to Russia were
uttered by Ministers in speeches to-
day.Mr. Winston Churchill, in Lon-
don, spoke of the Soviet's mistake
in thinking the "same sort of stuff
with which they bamboozled the
moujiks would suit Britain." He
was of the opinion that the United
States policy to Russia was right
as was proved by the fact that with-
out in the slightest way counten-
ancing Bolshevik principles, they
had done more trade with Russia
than we.Mr. Churchill warned the people
against lending money to Russia,
and that the British Government
would not accept responsibility if
they were defrauded. He advised
traders to get payment or full
security before despatching goods.Lord Birkenhead, at Luton, de-
clared that nobody was deceived
by the protestations of Moscow
that the Russian Government was
not behind the money forwarded
for the alleged purpose of alleviat-
ing distress in the coalfields, and
concluded that unless we observe
signs of change it will be necessary
to decide whether we should retain
any degree of association with a
country whose avowed purpose,
known to the whole world, is to un-
dermine the historical greatness of
Britain.—Reuter's Service.**FLOWING GOLD.****AMERICA'S SURPLUS STILL

HIGH.**Manila, June 9.—The death rate
from certain diseases in Manila,
the only city in the islands with
all sanitary conveniences, is
altogether too high, in the opinion
of many health officers.According to Dr. H. Lara, senior
surgeon and diagnostician of the
Philippine health service, Manila
during the last three years regis-
tered 616 dysentery deaths.During the same period, he
points out, there were 1,823 deaths
of intestinal diseases and enteritis
in the city. The city's toll from
typhoid amounted to 1,051 lives.
Neglected cases, according to Dr.
Lara, is the reason behind this
condition. For instance, he says,
cases of dysentery in Manila, for
many years, have not been regular-
ly reported.

HONGKONG HOTELS.

THREE CHIEFS AS GUESTS AT DINNER.

Members of the large staff of the Hongkong & Shanghai Hotels, Ltd., were present in strength at a Chinese dinner at the Yee Woo restaurant, West Point, on Saturday night—in the capacity of hosts to the three chiefs.

Mr. J. H. Taggart, managing director; Mr. W. J. Hawker, joint managing director; and Mr. J. P. Bourne, superintendent, were the guests of honour.

About fifty of the senior Chinese staff gathered to present to Mr. Taggart, Mr. Hawker, and Mr. Bourne each, a Chinese embroidered scroll with a fitting inscription as is customary.

In making the presentation, Mr. Fung Tat-hang expressed the gratitude of the Chinese staff for the many kindnesses bestowed and assured the "chiefs" of their loyalty. They hoped that Mr. Taggart would have all good luck on his forthcoming holiday and that he would return to his work all the better for the rest.

Congratulations were extended to Mr. Hawker on his recent promotion. The recipients made appropriate responses.

Buicks last longer

—registrations prove it

In the United States, to-day, there are more Buicks registered than any other cars except two very low priced ones.

Buick leadership in registrations among all other motor cars means extra miles turned in by old Buicks, loyal service from cars that would not be running at all if they were not Buicks, but it is only Buick builds. Buick engineering has given long life to Buick cars by thinking always of superior strength and placing it in every Buick part. And then, by protecting that strength with the famous "Sealed Chassis" and the "Triple Sealed Engine." All Buick operating parts are barreled with steel and wear to insure longer life with less upkeep.

And every Buick has the long-lived Buick Valve-in-Head Engine, famous everywhere for power and performance, proved superior in stamina by more than twenty-one years of outstanding service.

[Note: At the end of the first 36 holes, Mitchell (Britain) led Hagen (U.S.A.) by 4 up.]

ing and turned square. A masterly approach gave him the lead at the tenth and he was two up at the fifteenth. Mitchell reduced the deficit to one by taking the seventeenth.

4 HOME RUNS.

FEATURES OF WEEK-END BASEBALL.

THE LOCAL LEAGUE.

Four home runs were scored—in three matches—during the week-end in the Hongkong Baseball League.

The Club de Recreo made their first appearance in the League (at the Happy Valley diamond) on Saturday and were defeated by the Japanese 3-10.

In the second game—the most interesting of the two—the Volunteers had all but won the game. Then the Filipinos in their last spurt added six runs and reversed the position by finishing three ahead. This was their first win.

Home runs: Takotami (Japanese) one; Mackenzie and Bowker (H.K.V.D.C.) one each; Sling (South China A.A.).

The decisions of the umpires in the Filipino-Volunteer match in two instances appeared wrong to the spectator who had a better view of the line. The first went against the Filipinos in their second inning, a drop well in the field on the left base line being given out. Similarly, the Volunteers were deprived of the benefit of a ball which dropped in-flight before "bouncing" off on the right base line. Controversy on other decisions on technical points led to much feeling on the part of the Filipinos.

Club de Recreo v. Japanese.

In this match the teams were:—

Club de Recreo. Japanese.

Gosano 1b Murata

Remedios rf Ishimatsu

Alves ss Honda

Barros 3b Hayashi

E. Xavier p Akiyama

Pereira lf Takotami

Gutierrez cf Yokoi

Soares c Y. Hachiuma

A. M. Xavier 2b S. Hachiuma

Remedios and Ishimatsu replaced the pitchers among other changes in this field.

Batting first, the Club de Recreo made one run through Gosano, the Japanese replying with five mostly on hits. With the superior fielding of the experienced Japanese side, the "Babes" were blanked until the seventh when hits by Alves and Barros brought Xavier and Remedios home.

The Japanese added one run in the fourth through Honda from S. Hachiuma striking Xavier for a three-base hit along the left.

Takotami hit Remedios to centre field for a home run. They added three runs in their last inning (sixth).

Score by inning:—

Recreo 1 0 0 0 0 0 2—10

Japanese 5 0 0 1 1 3 —10

Filipinos v. Volunteers.

The line-up was:—

Filipinos H.K.V.D.C.

Francisco rf Westlake

Cruz ss Bowker

Leonard lb Wheeler

Zafra c Ralph

Rull 3b Eager

Angeles p Jordan

Sancho 2b Mackenzie

Batista cf Owen Hughes

Tecson lf Lammer

Change pitchers were Francisco and Bowker, Owen Hughes being taken from his more useful position at centre field to short stop.

The Filipinos made their first run in the second inning and the Volunteers started a procession.

Mackenzie placing nicely along the left base for a home run and Bowker getting round on a hit between left-centre.

In the fifth inning the Filipinos added four runs reducing the deficit to three and made this number and three more in their last inning owing to slackness in the field.

Batista, at centre field, dismissed two of the Volunteers in the last inning with pretty catches.

Score by inning:—

Filipinos 0 1 0 0 4 0 6—11

Volunteers 0 0 2 0 0 1 0—3

South China v. Club.

Spectators at yesterday's game were treated to another surprise, the South China A.A. team adding three runs in their last inning to win by the odd point in seven from the Hongkong Baseball Club.

The game, for the most part pointless, was interesting owing to the smart fielding of both sides. In South China's second effort, Pyburn (right field) misjudged a drop and gave Sling a home run.

The Baseball Club, replied with a run and got the lead by two runs in the fifth owing to an error at first base in a throw from pitcher. Muccio failed to reach first base on a hit in the third inning, and throws by first to second and back again sent the other two men down.

In South China's last inning, Sling was walked and stole all the way home, having a narrow escape at the plate. With Choy at third and Leung (runner for Chinn who was disabled on a pitched ball) at second, Sling hit over second base and brought both men home, himself failing to reach second base. The one-run lead of South China was maintained, thanks to centre field and left field, dismissed two of the Volunteers in the last inning with pretty catches.

FOOTBALL ASSOCIATION.

REPORT REVEALS EXCELLENT RESULTS.

Greater Patronage By Public.

As may be seen below, the annual report of the Hongkong Football Association discloses a very gratifying result as the outcome of the past season's working. The game is undoubtedly growing in popularity year by year, and with several fine trophies offered for competition there is no lack of encouragement for players.

In spite of the fact that the year under review was adversely affected by strike and boycott conditions it is pleasing to be able to report that the gate receipts show a substantial increase. The returns from the Charity Cup competition were also higher. Taking everything into consideration the Association officials had a season of which they may be proud, and they can pass on to their successors in office an unimpaired record.

The report of the Association states:—
Gentlemen.—The Council of the Association have much pleasure in submitting the annual report and balance sheet for the year ended May 31, 1926.

The annual general meeting will be held at Volunteer Headquarters, Garden Road (by kind permission) at 5.30 p.m. on Friday, June 25.

Business:—

1. Minutes of last annual general meeting.
2. Annual report and Balance Sheet.
3. Report and balance sheet of the Interport account.
4. Alterations to Rules.

To consider the following resolution:—

"That the revised rules of the Hongkong Football Association, Referees Board, and Challenge Shield Competitions, as submitted to all the Clubs and copies of which are now before the meeting, be adopted for, and in substitution of, all existing rules and regulations of this Association."

5. Election of officers for the ensuing year.

6. Other business.

Finance:—
The accounts for the year again show a very satisfactory balance in hand, although not quite so much as last year. Gate receipts show a substantial increase. In the case of the Shield Competitions, this was due to the re-play necessary between the finalists, which brought in an extra "gate."

The returns from the "Charity Cup" Competition were also much better and your Council decided that the gross receipts should be allocated, so that this year charities will benefit to the extent of \$2,558.25, an increase of \$482.20 over last year.

Competitions:—
The Shield Competitions were again a great success. In the Senior Division, Kowloon and the East Surreys met in the final, and after a replay the former won. In the Junior Division, the East Surreys were also represented in the final, they had for opponents the Club de Recreo, whom they easily defeated.

In the Sunday Herald Charity Cup Competition Portugal were admitted for the first time, and they are to be congratulated on winning this trophy.

The "Lai Wah" Cup Competition is mentioned in the "Interport Account" report.

General:—

During the year your Council met on eight occasions and only at two meetings was a Councillor absent.

The Referees Board met on six occasions, all of which were for the purpose of hearing cases of misconduct on the field. Sixteen players were tried

LEG SAVED BY
Zam-Buk

THE following remarkable account of Zam-Buk's triumph over a desperate poisoned wound is contained in a letter from C. B. Coates, Esq., Dept. of Customs, Rabaul, West Pacific, who writes:—"Whilst visiting outlying islands, I had the misfortune to severely cut my ankle on a submerged piece of coral. The injury gave great pain and swelled alarmingly, and medical treatment failed to heal the ghastly wound. I was so reconciled to the idea of having my foot taken off, that I decided to send in my resignation."

"One day happening to hear that the store had just received a supply of Zam-Buk, I sent over for a box. After two or three applications of this grand herbal balm I found that the discharge grew less and the angry-looking wound began to get a healthier colour. I persevered with the treatment and now, thanks solely to Zam-Buk, complete healing has resulted. I am cured of as ugly-looking a tropical sore as could be imagined."

For all manner of skin diseases and injuries Zam-Buk is always the safest, purest and most positive remedy to apply.

His dance

WHEN he claims you for his dance, will you surrender your arms gracefully and gladly? Or will the knowledge of superfluous hair distress you? It is unnecessary—inevitable—to allow ungraceful hair to mar the clean lines of your arms. For X-BAZIN is so simple to use, so safe, so successful.

In as little time as it takes to polish your nails, this pleasantly perfumed depilatory powder or paste will rid you of every disfiguring hair—underarm, forearm or neck. You simply apply the powder or paste; in a few minutes wipe it off. For over a hundred years French women have guarded their immaculateness with this dainty treatment. It does not coarsen, darken, or encourage subsequent growth; its mission is one of beauty alone.

MR. B. L. FROST.

TRIBUTE OF ENGINEERS'
INSTITUTE.

RECORD OF SERVICE.

The new extension to the Institution of Engineers and Shipbuilders was brought into use for a very fitting and pleasant purpose on Saturday night when Mr. B. L. Frost, who has so actively associated himself with the welfare and growth of the Institute, was the guest of honour upon the occasion of his approaching departure.

A good number of members of the Institute were present to do their ex-President honour, Mr. J. Ormiston, present President, presiding and among others present being Mr. L. J. Blackburn, Vice President, Mr. P. W. Heron, Mr. H. C. Shrubsole, Mr. S. Baker, Mr. E. W. Blackmore, Vice President, Mr. W. Russell, ex-President, and Mr. W. J. Stokes, Honorary Librarian.

After a very excellent repast, served by the Hongkong Hotel, the Chairman said that it was a pleasure for them to gather at the Institute that evening to do honour to their fellow member, friend and guest, Mr. Frost. It was very appropriate that they were entertaining him in the extended premises because Mr. Frost was President of the Institution when the premises were acquired and was also one of those appointed to negotiate with the Phoenix Club Ltd. with regard to the taking over.

"I think you will all agree with me," said the Chairman, "that the rooms are eminently suited for occasions such as we are celebrating to-night (Hear, hear.) Mr. Frost has earned the gratitude and esteem of all members by reason of the very exceptional work he has done on behalf of the Institution during the many years he has been actively associated with it (Applause)."

A Proud Record.

Mr. Frost was elected to the Committee in 1911 and has served practically continuously in office from that date to the present time. He was Vice Chairman in 1912, 1914 and 1923; Chairman of Committee in 1915, 1916, 1919 and 1924 and President in 1925-26 (Applause).

This, gentlemen, is a record to be proud of and I am afraid that my opening remarks do not adequately express the thanks that are due to him. I have been personally associated with Mr. Frost almost since the days that he joined us and I can testify to the thorough and whole-hearted manner in which he has always tackled his work.

You will notice that he has been Chairman of Committee on no fewer than four occasions. This office is no sinecure. It is the most important and responsible

position on the Committee of Management and takes a great deal of valuable time. This our guest has given in good and full measure (Hear, hear, and applause).

Mr. Frost has obtained the highest honour the Institute can give, viz. that of electing him to the Presidency, and we all know that it was a richly deserved reward for so many years' loyal and faithful service—voluntary service, I would remind you, gentlemen. (Applause).

We are all very sorry to say farewell to Mr. Frost, and we shall very much miss him. Therefore, we all hope that he will find himself in a position to visit us in the not far distant future. I understand that such an event is not improbable (Applause).

The Address.

The words of the address I have pleasure in presenting on behalf of the Committee and members faithfully portray our sentiments and I trust that from time to time they will remind him of this occasion and of the many friends he has here in Hongkong.

The address, after giving particulars of the offices held by Mr. Frost runs: "Dear Sir, the Management Committee, on behalf of the members of the Institution of Engineers and Shipbuilders, with the very lively knowledge of your ceaseless interest and yeoman service, view with the deepest regret the necessity for your relinquishing your activities on its behalf. This regret is only tempered by the knowledge that you are retaining your membership although absent. We feel that the separation is not without regret to you but the fact of the important extension to the premises during your Presidency will, however, be a pleasing recollection and of solace in the parting. We wish you many years of health in which to enjoy your retirement and venture to express the hope that the Institution and members will always have your warmest sympathy."

"On behalf of the members," concluded the Chairman, "I have much pleasure in asking your acceptance of this scroll. (Applause)." It is also my pleasure to present to you on behalf of the members a silver salver as a memento and a token of the high esteem in which we hold you."

The health of Mr. Frost was drunk with enthusiasm and with musical honours.

Unique Certificate.

Mr. Stokes, in the course of a witty speech, asked Mr. Frost's acceptance of a replica (*mutatis mutandis*) of a seaman's discharge (from the Institute) to enable him to "get another job." The phraseology of the certificate was responsible for much laughter, and Mr. Frost smilingly remarked that he would treasure this unique record.

In replying to the remarks which had been made with reference to him, Mr. Frost said that he found difficulty in adequately expressing his appreciation. It was the first function of its kind to have been held in the new extension to the premises and he was delighted to have had the opportunity of attending it. By the manner in which it had been possible to hold it members would see the possibilities of such extension and realise that it was possible now to do justice to practically any function it would be necessary to hold in connection with the affairs of the Institute.

Associate Members.

"I would emphasise the support we get from our Associate members," added Mr. Frost, "I would like to put forward the suggestion to the Committee that Associate members should be given the opportunity of voting for members of the Committee for the ensuing year. Such powers would not alter the constitution of the Institution although a meeting would be necessary before such powers could be given. I do, however, feel that such meeting should be called and that the change will be all for the betterment of the future of the Institution." (Applause).

With regard to the sentiments which had been expressed that evening as to his work, he could only say that he had done his little bit (Cries of "Big Bit") toward the welfare of the Institution. He had taken a keen interest in its welfare; in fact, it had been his one Club in the Colony and he sincerely hoped that members would carry out the traditions of the old Institution combined with the new innovations and make it at any rate the second best Club in the Colony (Cries of "The Best").

In conclusion, Mr. Frost expressed regret at the inability of Mr. P. Farrell, their Honorary Secretary, to be present owing to illness, also the inability of the Honorary Treasurer to be present owing to the same reason.

Mr. Frost called on the assembly to drink to the future prosperity of the Institute and to that of the President, Honorary President, and Vice-Presidents.

This was also drunk with musical honours and the Chairman suitably replied.

An excellent programme of musical and other items concluded an enjoyable evening.

"Slogans are an appeal, not to intelligence, but to laziness,"—Hester Rowell.

FOREIGNERS' RISKS.

IMPORTANT DECISION JUST ANNOUNCED.

NO RESPONSIBILITY.

(From Our Own Correspondent.)

Canton, June 18.

To-day the Nationalist Government informed the Provincial Government that hereafter all travellers of foreign race who enter regions infested by bandits or pirates shall be the concern of the Province. The National Government wishes its hands of responsibility in such cases, and will permit the Provincial Government to provide escorts or not, just as it sees fit.

This new ruling is of great importance to foreigners who have urgent business in lawless regions, because the Provincial Government has already notified foreigners that they "are not invited to enter" such regions. Moreover the Nationalist Government in today's communication urges the Provincial Government to adhere to this policy, which is virtually a declaration of disavowal of responsibility in case foreigners are subjected to violence.

ARMED GUARDS.

PROTECTING CRAFT AGAINST PIRATES.

A NEW ARRANGEMENT.

(From Our Own Correspondent.)

Canton, June 18.

Owners of launches and motor boats operating in areas where the pirates are strong have concluded an agreement with T. V. Soong, Finance Minister, under which they will pay the Nationalist Government the same amount of money they have been paying as blackmail to the pirates to pass their ships unmolested.

In return for these payments the Canton Government will assure the boats adequate armed guards.

This new arrangement will bring into the Government Treasury over \$50,000 a month, but most of this will have to be used in paying for the guards furnished to the boats, and in raids upon pirate headquarters.

JUNE 23.

NO PARADE TO BE HELD IN CANTON.

(From Our Own Correspondent.)

Canton, June 18.

Councils of discretion have finally prevailed, and the Canton authorities have decided not to open and formally dedicate the newly widened and paved Shakes on June 23—the anniversary of the Shakes-Shameen shootings of last year.

When Dr. C. C. Wu was Mayor he delayed completion of the paving work purposely, but since his departure the work has been hurried so that demonstrations and parades could be held on the scene of last year's shootings next Wednesday, the first anniversary.

Now, once more, the work is slackening, and a portion of the street adjoining the Bund at the Canton end of the French bridge is virtually blocked.

It is announced that the street will be opened on July 4, not in honour of the American Independence Day, but to commemorate the first anniversary of the founding of the Canton City government under the Kuomintang regime.

SOVIET IN CANTON.

NEW CONSUL-GENERAL FROM MOSCOW.

(From Our Own Correspondent.)

Canton, June 18.

The Bureau of Foreign Affairs in Peking has notified the Kwangtung Provincial Government that the Ambassador of Soviet Russia has filed notice in Peking that L. E. Berlin is being sent to Canton from Moscow to act as Russian Consul-General for this port.

The local authorities have notified all departments concerned to prepare to entertain Mr. Berlin when he arrives here next month.

KIDNAPPED.

WEALTHY RESIDENT OF CANTON.

\$3,000 RANSOM ASKED.

(From Our Own Correspondent.)

Canton, June 18.

Tang Sheen, a very wealthy resident of Canton with a home in To Pow Tai Street, in the western suburbs, was kidnapped yesterday morning, together with a servant, a necromancer, who had gone with him to a tract of land near the village of Loong Ngan Tung, to inspect a site which he contemplated buying for a burial plot.

The servant was released to-day, and returned to the family bearing a demand from the bandits for the payment of \$3,000 ransom.

CANTON MUTINY.

TWO DIVISIONS REFUSE TO GO NORTH.

(From Our Own Correspondent.)

Canton, June 18.

Mutiny has reached its ugly head in the Nationalist Army right in the heart of Canton where nearly 4,000 troops flatly refuse to move up to the Northern front because their pay is more than three months in arrears. And, oddly enough, the mutinous forces are from the island of Hainan, where the people are murmuring openly against the Government, and where open rebellion may begin at any time.

The disaffected troops now here are the Tenth and Twelfth Divisions of the Fourth Army. These two divisions, brought here under the command of General Cheung Fat-fui, have refused to break camp and board trains for Shikwan, and since their number is so large they are not only a cause for keen local anxiety, but their non-arrival in the Ping-shak area, where they are counted upon as reinforcements, will have an upsetting effect upon the campaign plans of General Tang Sheng-chi.

The Fourth Army is commanded by General Lee Tsai Suun, and to-day at noon he and General Cheung Fat-fui called a meeting of all officers of both divisions at Yuek-han Railway station hall.

Both Generals made long speeches, outlining the reasons for the shortage of money in the Government's war chest, emphasising the need for rigid discipline, and outlining with fervour the importance of permitting nothing to interfere with the progress of the Northern campaign.

The officers were urged to call their men together and urge them to go North, under promise that they would be paid as soon as the Government could procure the money, but the officers would not agree to do this, and went away discontented and grumbling.

Great Anxiety. The importance of this mutiny is considered tremendous by officials here. Not only is it vital to get these troops to the front, but great anxiety is felt lest the mutinous spirit spreads, other bodies of troops which have not been paid up to date. The Tenth and Twelfth Divisions of the Fourth Army claim three months' regular pay and one month's extra pay as compensation for travelling expenses.

More Bad News. Meanwhile the general situation is further clouded by bad news from the Po Ping and Ling Ping districts, in the Northern part of the province, bordering on Kiangsi.

General Chen Sou-cherk, former Governor of Kwangtung, who has been a fugitive in Kiangsi, has raised a well-armed force of more than 3,000 men and has invaded Wo Ping and Ling Ping districts, captured several towns and the city of Wo Ping. He has taken the Magistrate and other municipal officers away and is holding them for ransom.

Citizens of these districts have succeeded in getting an appeal for aid addressed to the Military Council through to Canton. They ask for troops and also for aeroplanes to help to combat the enemy; but, with the mutiny of the two divisions of the Fourth Army to cope with, the Government is temporarily helpless and can render no aid.

BANDIT RAIDS.

ADMINISTRATIVE CHANGES IN FATSHAN.

REORGANISING POLICE.

(From Our Own Correspondent.)

Canton, June 18.

Because of repeated raids by large bands of bandits upon the rich and populous city of Fatshan, the Provincial Government has announced that the Fatshan Municipality will be entirely reorganised.

Ng Kung-sing, the present Mayor, has been appointed Director of the new Bureau of Civil Affairs of Fatshan.

The Police there have been so inefficient, and so helpless to cope with the bandits, that the whole force is to be reorganised. The former Fatshan Bureau of Public Safety has been abolished, and the new Bureau of Civil Affairs will take over its duties temporarily, pending the appointment of a new Chief of Police and the reorganisation of the whole Department.

The storm in Iowa was especially severe, 30 people having been injured besides the four dead.
